

Sketch your area below and bring into our helpful sales staff.

Please draw your room onto the below remembering to include any door checks, alcoves or cupboards that also require carpet or vinyl. Once you have done this, please bring it to one of our sales staff who will be only too happy to help with selecting something suitable for you, and provide you with an estimate.

A large grid for sketching a room area. The grid is 8 units wide and 12 units high. The horizontal axis is labeled "metres" and has numbers 1 through 8 below it. The vertical axis is labeled "metres" and has numbers 1 through 12 to its right. The grid is intended for drawing a room layout, including door checks, alcoves, or cupboards.
